Re: Sampling of Soil on Conrail's Railroad Property in  
Connection with the Clean-Up of the Tilton Plating Site

Dear Ms. Kazokas:

Enclosed are several documents that should assist in U.S. EPA obtaining your consent to enter Conrail's railroad right-of-way property adjacent to 305 Fairfield, in Tilton, Illinois. I included two maps of the site. Unfortunately, our plat map could not be photocopied in a way that would be readable through a fax machine. Also included is a voluntary access agreement and cover letter from our Emergency Response Branch.

Please contact me at (312) 886-2248, if you have any questions concerning this matter. Thank you for your assistance.

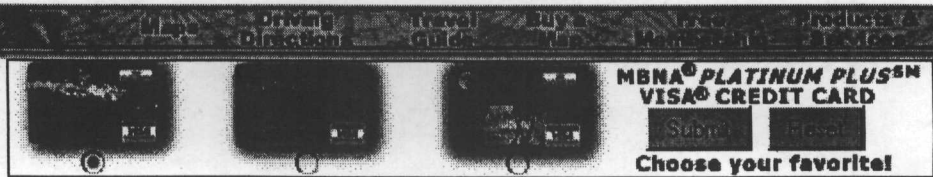

Sincerely yours,

Ann Coyle  
Assistant Regional Counsel

Re: Sampling of Soil on Conrail's Railroad Property in  
Connection with the Clean-Up of the Tilton Plating Site

Dear Ms. Kazokas:

This letter seeks your authorization for the United States Environmental Protection Agency (U.S. EPA) to sample soil on your railroad property located adjacent to 305 Fairfield in Tilton, Illinois. The enclosed consent agreement memorializes your consent for U.S. EPA's access to your property.

Based on its authority under the Comprehensive Environmental Response, Compensation, and Liability Act, as amended (commonly known as Superfund or CERCLA), 42 U.S.C. § 9601 et seq., U.S. EPA has determined that response actions are necessary at the Tilton Plating site, located at 305 Fairfield, Tilton, Illinois. This consent agreement facilitates U.S. EPA's clean-up of the Tilton Plating site by allowing U.S. EPA to sample soil on property adjacent to the removal site. Please sign the enclosed consent for access and return it to me via fax as soon as possible, but no later than April 6, 1999. My fax number is: (312) 353-9176.

Please contact me at (312) 886-6246-6316 or Ann Coyle, Assistant Regional Counsel, at (312) 886-2248, if you have any questions concerning this matter. Thank you for your assistance.

Sincerely yours,
